## we're focused on helping kids

the children's department is committed to teaching the word of God to children with whatever resources are necessary. lets face it, today's kids media-savvy and have a shorter attention span so our staff are taught and trained on how to keep every child's attention and teach them the word of God effectively. our goal is also customer service, we are determined to make every child and parent feel welcome and excited about coming to church. if learning how to communicate this way interests you then we would love to have you join the team. by signing the line below you are agreeing to under-go a brief training session and serve for a minimum of six months. you are also willing to under-go a criminal record check if necessary. just because you sign does not mean that you are automatically approved. once this form is handed in a staff member will interview you and let you know the results. please sign below and place this in the offering or give it to an usher on your way out. thank you for taking the challenge. we look forward to speaking with you soon
